**APRIL
2025**

Note from the Principal

Dear DHA EME Families,

As we reflect on the month gone by, I am filled with gratitude and pride for all the wonderful events that have brought our community closer together.

We had a heartwarming celebration of our youngest learners at the KG Graduation on Friday, 25th April. The joy and pride shared by our little graduates and their families were palpable as we watched them take their first steps toward Grade 1. It was a momentous occasion, filled with performances, laughter, and plenty of smiles — a true testament to the hard work and dedication of our Early Years team.

Grades 1–7 had the opportunity to explore the world of science during their exciting field trip to the Joy of Science Museum. The day was filled with interactive exhibits, hands-on learning, and fun experiments that ignited curiosity in our students. It was a wonderful opportunity for our learners to engage with science outside the classroom and foster a love for discovery.

Our commitment to gratitude and community service was beautifully demonstrated through the Labor Day Ration Drive, led by our Grade 9 students. They took charge of collecting donations, assembling ration packs, and personally distributing them to our custodial staff. This thoughtful initiative was a wonderful reminder of the importance of appreciating the people who work tirelessly to keep our school running smoothly.

We also celebrated the spirit of togetherness and joy with our Eid Milan Party. The campus was filled with festive cheer as students and staff came together to celebrate Eid.

In addition to these events, we have had some extraordinary accomplishments to celebrate. Our students shone brightly at the TNS Speakers Forum, where Linta Qureshi from Grade 1C secured 2nd position, and Zohaib Ahmed claimed 3rd position in the final round. From Grade 5B, Minaal Hamid also earned a place among the top winners! MashAllah, 3 out of 4 participants from our school earned top positions — a truly remarkable achievement!

Further, we are incredibly proud to share that Khadija Kazmi from Grade 5 has qualified for the Play-Off round of Hippo 2025, to be held in Brighton, UK in August 2025! This is an extraordinary achievement, and we couldn't be prouder of Khadija for representing our school on an international stage.

These events — the KG Graduation, field trip, Eid Party, Ration Drive, TNS Speakers Forum, and Hippo Play-Off qualification — reflect the heart and soul of our DHA EME community: a place where we come together to celebrate achievements, honor one another, and continue growing with kindness and respect.

Thank you to all the students, parents, teachers, and staff who made these moments possible. Let's continue to nurture these values as we move forward together.

Warm regards,

Ayisha Salman,

Principal, DHA EME Campus

EARLY EID MILAN PARTY BRINGS JOY AND TOGETHERNESS TO DHA EME CAMPUS

The spirit of Eid came alive at DHA EME Campus as students, teachers, and staff gathered for a vibrant **Eid Milan Party** filled with laughter, color, and celebration. The event, held in the campus, marked a joyous return to tradition, bringing the school community together to share the blessings and happiness of Eid.

. Everyone enjoyed the festive spirit while exchanging warm Eid greetings.

The **photo booth**, decorated with vibrant backdrops and Eid-themed props, proved to be a hit among students and teachers alike, capturing many cheerful moments to remember.

The Eid Milan Party not only celebrated a cherished tradition but also reinforced the values of friendship, generosity, and joy among the DHA EME family. It was a memorable afternoon that left everyone with full hearts and smiling faces — a perfect way to welcome the new term with renewed energy and positivity.

Eid Mubarak from all of us at DHA EME Campus!

CELEBRATING NEW BEGINNINGS: KG GRADUATION CEREMONY AT DHA EME CAMPUS

**APRIL
2025**

The evening of Friday, 25th April was filled with pride, joy, and a few happy tears as DHA EME Campus celebrated its KG Graduation Ceremony — a momentous occasion marking the young students' transition from Kindergarten to their next exciting academic journey.

The event began with a Tilawat from the Holy Quran, followed by a warm welcome from the Primary Early Years Headmistress, who congratulated the little graduates and their families on this special milestone. The evening beautifully captured the spirit of hope, growth, and new beginnings.

The highlight of the ceremony was the Graduation Walk, where the tiny graduates, dressed smartly in their caps and gowns, proudly walked across the stage to receive their certificates. Smiles lit up the hall as parents and teachers watched these young learners celebrate their first major academic achievement.

Adding to the festivities were charming performances by the KG students, including songs, skits, and a heartwarming speech about their journey through Kindergarten. Their confidence and enthusiasm were a testament to the nurturing environment and dedicated efforts of their teachers.

The evening concluded with a heartfelt address from the Principal, who encouraged the graduates to carry forward their love for learning, curiosity, and kindness as they step into Grade 1.

The KG Graduation was a proud and emotional moment for the entire DHA EME community — a celebration of dreams taking flight and the bright futures that await our young learners.

Congratulations to our young graduates and their families!

A Day of Discovery and Fun: Grades 1–7 Visit the Joy of Science Museum

APRIL
2025

The students of Grades 1 to 7 from DHA EME Campus enjoyed an unforgettable day of learning and excitement during their visit to the Joy of Science Museum. The trip, filled with interactive exhibits, hands-on experiments, and plenty of laughter, turned out to be one of the most anticipated highlights of the term.

From the moment they arrived, students were captivated by the interactive displays that brought scientific concepts to life. Whether building structures, exploring forces, or experimenting with light and sound, the exhibits offered students a chance to engage with science in a playful, meaningful way. It was wonderful to see curiosity come alive as students explored, asked questions, and shared their discoveries with one another. Teachers and museum staff guided the students through a variety of exciting zones, each designed to encourage exploration, creativity, and critical thinking. The hands-on activities ensured that every child found something to spark their interest — whether it was creating circuits, observing chemical reactions, or solving engineering challenges. The day ended with happy, tired faces and a lot of new knowledge tucked away for future learning. It was a day that truly blended fun with education, leaving students inspired and eager for more scientific adventures.

Thank you to the Joy of Science Museum for hosting our young learners — and to our teachers and staff for making the day such a smooth and enjoyable experience!

Grade 9 Leads with Heart: Labor Day Ration Drive at DHA EME Campus

In the true spirit of gratitude and community, DHA EME Campus marked Labor Day with a heartfelt Ration Drive, led by the students of Grade 9C. The drive was organized to honor and appreciate the hardworking custodial and support staff who form the backbone of the school's daily operations.

Grade 9C students took full charge of the initiative — motivating younger students, collecting donations, and assembling ration packs with great care and enthusiasm. Their leadership and sense of responsibility were evident as they worked together to ensure that every pack was thoughtfully prepared with essential items.

On the day of the drive, the students personally distributed the ration packs to the custodial staff, along with heartfelt messages of thanks and appreciation. The small ceremony was filled with warmth, smiles, and a shared sense of pride in recognizing the efforts of those who often work behind the scenes.

The Labor Day Ration Drive was a beautiful reminder of the values we hold dear at DHA EME Campus: respect, compassion, and gratitude. It was also a proud moment for the Grade 9 students, who demonstrated that true leadership lies in service to others.

A big thank you to all the students, parents, and staff who contributed to making this initiative a meaningful success!
