WTS CAMPUS

MESSAGE FROM HEAD

Dear Students and Parents,
As we approach the end of this term, we are entering a very important time for all our students. With final exams around the corner and term closure fast approaching, it is essential that every student is present, punctual, and fully engaged in the remaining school days.

Teachers are working diligently to revise key concepts, cover any missed work, and ensure that all students feel confident and prepared for their upcoming exams. Every day counts, and full attendance will make a real difference in helping students put their best foot forward.

We encourage all our young learners to revise regularly, ask questions freely, and believe in their ability to succeed. Stay positive, stay focused, and remember that hard work always pays off!

Let's finish this term strong — together!
Wishing everyone the very best for the final preparations ahead.

Warm regards,

ERUM AZHAR

SCHOOL HEAD

EVACUATION DRILL

Safety First!

An Evacuation Drill was successfully conducted on April 10 to promote emergency preparedness and ensure the safety of our students and staff. These drills are a vital part of our school's safety plan, helping everyone understand how to respond quickly and calmly during unexpected situations.

We're proud of how responsibly our students participated! Creating a safe and secure learning environment is always our top priority.

EMOTIONAL WELLBEING

Nurturing Hearts and Minds

At our school, we believe that emotional well-being is just as important as academic success. Recently, Student Support Sessions were conducted by our School Head, offering students a safe and supportive space to express their academic and non-academic concerns.

Exploring Your Future: Smart Career Planning 🌟

A meaningful and inspiring career guidance session was held for our Grade 8 students, led by our Head Mistress Academics, Ms. Sadaf Arif. The session encouraged students to reflect on their strengths, explore academic, vocational, and entrepreneurial paths, and understand how their interests can shape their future.

More than just guidance, it provided a safe space for students to ask questions, share their thoughts, and discuss their aspirations openly.

With practical tips, engaging discussions, and thought-provoking activities, our students walked away feeling more confident, informed, and inspired to take the first steps toward building a successful future.

ADVENTURE AND FUN: FIELD TRIP TO KHYBERPUNK ARCADE

What a day to remember! Our trip to Khyber Punk Gaming Zone was all about laughter, learning, and letting loose! From soft play adventures to arcade battles — the kids had an absolute blast. This is how we make memories and learning go hand in hand!

EID MILAN PARTY 2025

The halls were alive with the colors so bright, Laughter and joy danced in the light. With henna, bangles, and festive cheer, Eid brought magic to all who were near. From little footsteps to big wide smiles, We celebrated Eid in true school style!
